

# Big Creek Road Temporary Closure March 2017

A temporary closure will be in place along the entirety of Big Creek Road, between Wednesday March 15 and Friday March 24th 2017.

## **Works and detours will only be conducted on weekdays.**

Forest Fire Management Victoria will implement maintenance works to maintain heavy strategic roads to a high standard, ensuring public safety throughout the year. Big Creek Road is a major arterial road within the Yarra State Forest with fire access being of main concern with these works safeguarding its quality into the future.

Drivers are encouraged to detour to **Bennie Creek Road** and **New Turkey Spur Road** during the entirety of the maintenance works.

This will ensure no delays to public road users travelling to the Ada Tree. Visitors travelling from Warburton are encouraged to travel through East Warburton and access the Ada Tree via **Muddy Creek Road** off Warburton-Woods Point Road.

Detour signs will be in place to follow when entering from Powelltown or Warburton, ensuring visitors do not travel along Big Creek Road during maintenance works. The maintenance works are expected to be completed within seven working days, but may be extended if delays are experienced.

For further information please view the public access map at:

<http://mapshare2.dse.vic.gov.au/MapShare2EXT/imf.jsp?site=pam>

Or call the DELWP Powelltown office: 5965 9901.
