COMBINED PUBLIC & PRODUCT LIABILITY INSURANCE

Description of Business: Events and activities of Four Wheel Drive Victoria that have been approved as Four Wheel Drive Victoria and/or Club Activities, including but not limited to community volunteer work, training days, events, four wheel drive trips, attendance at and participation in trade shows, expos and club association meetings and events.

Insured: Four Wheel Drive Victoria and its affiliated Clubs and Members.

Limit of Liability:

Public Liability	\$20,000,000
Products Liability	\$20,000,000
Property in Physical or Legal Control of the Insured	\$250,000

Deductible: \$1,500 each and every claim

Insurer: Lloyds of London (Beazley Furlonge Limited & AXIS)

This policy is designed to protect FWDV and its Affiliated Clubs by responding to claims for compensation made against it **for negligence causing bodily injury and/or property damage**, for which FWDV and its Affiliated Clubs are legally liable, subject to the terms and conditions of the policy.

Any person, **including a member**, has the right to make a claim against the policy if they are injured or have suffered damage to their property at a FWDV/Affiliated Club approved event, provided that the injury or damage to property is the result of FWDV and/or its Affiliated Clubs' negligence. This includes bodily injury or damage to property **caused by another member** of FWDV and/or its Affiliated Clubs.

If such a claim is made against FWDV and/or one of its Affiliated Clubs, they are protected under the Combined Public & Product Liability Insurance. This includes the cost of defending the claim. Settling and/or defending claims of this nature can be extremely costly and without a Combined Public & Product Liability Insurance policy in place, the Club would have to bear the cost of any such claims.

24/7 Property Owners Liability is also available as an extension of FWDV's policy where clubs own or lease property that requires cover in addition to FWDV sanctioned events/activities. A separate application form must be completed, and an additional fee applies. (Contact the FWDV office for an application form)

It must be noted that the Combined Public & Product Liability Insurance is not a Personal Accident Policy. A Personal Accident Policy is a non-negligence based policy designed to provide benefits to participants and/or volunteers where injury is sustained at an approved event.

It is important to note that this insurance does not provide cover for independent contractors and/or sub-contractors that are engaged by FWDV or its Affiliated Clubs. You should request confirmation by way of a Certificate of Insurance that any such contractors have their own current Public Liability Insurance.

CERTIFICATE OF CURRENCY

Example:

A Club is looking to host a FWDV/Club approved event in local parkland and the local Council wishes to be included as a Named Party on the Affiliated Club's Public Liability Insurance Policy. What is a Named Party and how is it arranged?

A Certificate of Currency is confirmation of the insurance cover in place. It is generally requested by a third party such as a Property Owner, Council, Land Owner or Government Department (i.e. Parks Victoria) who requires proof of the Affiliated Club's insurance. Often the third party requests to be noted as a named party on the Certificate of Currency.

It is important to note that a "Named Party" (or Interested Party as it is sometimes referred to) is not the same as an "Insured" party as this would provide such person or entity full cover as defined which is not the intention of the Policy.

The intention of noting person(s) or entities on a Certificate of Currency is to provide them with limited protection if a claim is made against them purely as a result of the Affiliated Club's negligence.

Notification of Special Events

It is important that FWDV be notified of all events that are outside the normal four wheel driving, camping, training and social activities of the Affiliated Club. If these unusual activities are not notified to FWDV, the club may run the risk of holding an event that has not been approved by FWDV, and therefore Affinity Insurance Brokers. In this case insurance cover may not be provided.

Notification of special events is critical to providing the insurance cover necessary for the Club's full protection.

RISK MANAGEMENT

What Risk Management procedures should Affiliated Clubs undertake and follow before hosting an approved Club event/training day?

In conjunction with FWDV, Affinity Insurance Brokers can assist Affiliated Clubs to develop an events checklist that covers or provides prompts for all areas that need to be addressed in preparing for and running an event. A risk assessment of all activities should be undertaken prior to any event. FWDV, in conjunction with Affinity Insurance Brokers, can assist with any issues that might arise. Our OH&S booklet, which is available through FWDV, also contains information which may assist.

In all instances the desired outcome is that the Affiliated Club runs a safe and well-managed event or training day, and to minimise the potential for injury to a third party or a fellow club member.
