

MVO ADVISORY SHEET

What does your club have to do to get access to the MVO tracks?

- ☐ Plan the trip and find out which MVO tracks you would like traverse (see attached *MVO Track List*)
- ☐ Complete the *Track Access Application and Emergency Plan Check List* attached to this document. **Please note that it is important that you fill in the trip participant list. This list can be updated closer to the trip, but needs to be filled in to ensure the application can be processed.**
- ☐ Submit the *Track Access Application and Emergency Plan Check List* to the office, office@fwdvictoria.org.au or Four Wheel Drive Victoria, PO Box 292, Mitcham 3132, Victoria
- ☐ FWDV will then contact the relevant Ranger in charge of the area, who will advise if permission is granted to access the MVO tracks as well as provide the *Terms of Access*.
- ☐ Once access has been granted from Parks Victoria and FWDV, you are entitled to enjoy a unique 4WD trip in the bush, as only FWDV affiliated club members are allowed access to MVO tracks.
- ☐ **PLEASE NOTE:** MVO track access requests are required to be submitted to Four Wheel Drive Victoria office no later than 14 days before the proposed trip date.

What are the next steps in the MVO process?

FWDV and our affiliated clubs have been granted permission to access 381 MVO Tracks (see attached list). As there were 1433 MVO tracks on the list provided by Parks Victoria, this means there are still a large number of tracks that we have not yet been granted access to.

We encourage clubs to access this program and drive these tracks more often as the MVO track access program is under-utilized at present.

Important Aspects of the MVO Agreement

- **Permission to access MVO Tracks for the Permitted use is subject to:**

- a) **Terms and Conditions of the *MVO Agreement***, as well as the terms and conditions issues by Parks Victoria on a case by case basis (*Terms of Access*).
- b) **Terms of Access:** The terms of access may only be approved and issued by the Chief Ranger in the Area, which you have applied for MVO access.

Reason for Access: What works will you undertake to help rangers in the area? There needs to be an underlying reason to the trip for the rangers to allow access. i.e. culvert cleaning, track clearing, track reporting, etc.

- **FWDV acknowledges that:**

- a) MVO tracks are not maintained for general passage or public access;
- b) There may be hidden dangers in the use of MVO Tracks;
- c) That there is a risk of personal injury and property damage to any person who uses MVO Tracks, including under this Agreement; and
- d) Parks Victoria gives no warranty about MVO track condition.
- e) Some tracks may not have been driven for a long time or may be un-accessible even though they are listed.

- **Trip Participant list**

FWDV must maintain a register of all persons participating in activities under the *MVO Agreement*, including those persons who are not members of FWDV.

MANAGEMENT VEHICLE ONLY

TRACK ACCESS APPLICATION AND EMERGENCY PLAN CHECK LIST

Please complete this application form and submit to the FWDV office. You may send by email. In planning a trip it is important to recognise that you are expected to return home on an appropriate date or time or to arrive at a particular destination when you say you will. There are always other external parties that are affected by where we go and to this end it is important for all participants to know whom to contact for information when things go wrong or emergency contact is required to a trip participant.

NAME OF CLUB _____ **DATE OF TRIP** _____

TRIP LEADER DETAILS

NAME _____

ADDRESS _____

TEL: **Mobile** _____ **Home** _____

NAME AND CONTACT DETAILS OF EXTERNAL PERSON (Ground Charlie):

NAME _____

ADDRESS _____

TEL: **Mobile** _____ **Home** _____

TRIP ROUTE - What tracks will the trip use? Where appropriate provide marked-up maps. Describe track name and location:

REFUGE EVACUATION POINTS - list helipads and other area's such as football grounds or open areas.

CONTACT DETAILS.

POLICE – list major town police station number: _____

PARK RANGER/LAND MANAGER: _____

COMMUNICATION REQUIREMENTS.

Is area covered by mobile phone network? YES / NO

Do I need a sat phone? YES / NO

Do I have access to an HF radio? YES / NO

In remote areas, what time will I call Ground Charlie? _____ am/pm

How can external contact get messages to me?

What strategy do I have if I do not contact the external contact?
